OBJECTIVES

It is the purpose of West Virginia Wesleyan College to be a Christian college of liberal arts in the sense that its total program is motivated by Christian ideals and principles, and is directed toward the development of competent, cultured, Christian persons.

The College seeks to help each student, in the light of his individual abilities, interests, and needs, to become such a person by attaining the following specific objectives:

1. Ability and disposition to read the English language with understanding, and to speak and write it correctly and effectively. (Stressed in total program, and particularly in composition and speech.)

2. Ability and disposition to think clearly, objectively, independently, and constructively. (Stressed in total program, and particularly in mathematics, natural and social sciences, and philosophy.)

3. Ability and disposition to order one's own life in such fashion as to realize the highest possible degree of health and efficiency of both body and mind. (Stressed in total program, and particularly in physical education and psychology.)

4. A broad orientation in the liberal arts — some understanding and appreciation of the content and value of the main fields of learning and of the major problems of human life. (Stressed particularly, but not exclusively, in required courses in general education. See General Education.)

5. Sufficient concentration in some field, or fields, to constitute adequate preparation for graduate study or immediate entrance into some well considered vocation. Through its program of testing and guidance the College undertakes to help the student to choose wisely his vocation or profession. Through its instructional program it undertakes to help him acquire the knowledge and develop the skills essential to success in his chosen field. (Stressed

particularly in courses constituting the student's major and minor, and in the guidance program.)

6. Understanding, appreciation, and experience of the Christian religion—development and practice of a Christian philosophy of life. (Stressed in total program, and particularly in courses in Bible, philosophy, and religion, in college chapel, in student organizations of a religious character, and in participation in life of local churches.)

7. Ability and disposition to be a good citizen—to participate in, and assume leadership in, socially constructive organizations and activities; and to foster extension of democracy and development of a worthy cosmopolitanism. (Stressed in total program, and particularly in student participation in government, student organizations, and extracurricular activities.)

The College attempts to help its students toward these objectives in the following ways:

1. By providing a faculty of capable teachers of substantial Christian influence.

2. By providing a program of individual guidance designed to help each student make the best possible use of his talents, time, and opportunities. (See Testing Program, Counseling.)

3. By constantly restudying both its own objectives and procedures in order to improve them, and the needs of its students in order to meet them more fully.

ACCELERATED PROGRAM

West Virginia Wesleyan College affords students an opportunity to complete their studies in as short a time as may be consonant with thoroughness. Many students, especially veterans and others whose studies have been interrupted or delayed, welcome a soundly accelerated program.

By offering two 16-week semesters and two 6-week summer terms annually, West Virginia Wesleyan College

makes it possible for a student to earn from 44 to 48 semester hours of credit per year, and to complete a degree course in three years or less.

Freshmen are admitted at the beginning of any semester or summer term. Students entering on June 9, 1958, and pursuing successfully an accelerated program, will be graduated in January or May, 1961; those entering September 12, 1958, will be graduated in May or August, 1961; and those entering January 26, 1959, will be graduated in August, 1961, or January, 1962, depending in each instance upon the degree of acceleration at which the student concerned can successfully pursue his studies.

It is optional with the student whether he pursues the accelerated program or the regular 4-year program. Successful pursuit of the accelerated program will call for sustained and concentrated study.

The accelerated program is in every respect equivalent to the regular 4-year program. Acceleration is accomplished by the elimination of the long summer vacations which feature the 4-year program, and in the case of the exceptionally capable student by increasing his semester load by one or two semester hours beyond the normal study load. (See Student Load.)

LOCATION

West Virginia Wesleyan College is located in Buckhannon, a city of more than 6,000 inhabitants near the geographical center of West Virginia. The Baltimore & Ohio Railroad, several bus lines, and national and state highways (U. S. 33 and 119, W. Va. 4 and 20) make West Virginia Wesleyan College easily accessible from all directions.

The 50-acre campus, which fronts on College Avenue between East Main and Meade streets, is shaded and beautified by a grove of native oaks and hundreds of other trees and shrubs planted by the founders and friends of the institution. The beauty of the campus is still further enhanced by its larger setting, the scenic foothills of the Alleghenies.

HISTORY

West Virginia Wesleyan College was founded in 1890 by the West Virginia Conference of the Methodist Episcopal Church under the title of the West Virginia Conference Seminary.

The founding and development of West Virginia Wesleyan College marked the successful culmination of the vigorous and persistent educational efforts of Methodists in what is now West Virginia. Earlier schools established here, and operated for a time, by Methodists during the nineteenth century included the Mt. Hebron School (later Marshall Academy, and now Marshall College), Asbury Academy (at Parkersburg), the Northwestern Virginia Academy (at Clarksburg), and the Fairmont Male and Female Seminary. But by the end of the Civil War period Methodists in West Virginia found themselves without a school. Marshall had become a state institution, and the others had ceased to function.

In 1886 the West Virginia Conference of the Methodist Episcopal Church organized the Board of Trustees of the West Virginia Conference Seminary, and instructed this Board to secure a charter, and select a location, for the proposed Seminary. Buckhannon was chosen as the site of the new school, a building was erected, and the first term was opened in September, 1890.

For fourteen years the West Virginia Conference Seminary operated as an academy, or preparatory school. In 1904, however, it became an institution of collegiate rank, known since as West Virginia Wesleyan College. For more than a decade after 1904 the College offered courses on both the academic and college levels, but due to the rapid rise of public high schools the academic phase of the curriculum rapidly diminished and soon disappeared.

In 1941 the West Virginia Conference of the Methodist Church, constituted by the unification of the Methodist Episcopal Church, the Methodist Episcopal Church, South,

and the Methodist Protestant Church, ordered that West Virginia Wesleyan College should be the only educational institution to be operated under its auspices. (By this action Morris Harvey College, owned and operated since 1889 by the Methodist Episcopal Church, South, acquired independent status.)

Throughout her history West Virginia Wesleyan College has sought to serve faithfully the Church to which she owes her existence, the nation, and the world—by helping her students to synthesize scholarship and Christianity in the good life.[1]

BUILDINGS AND EQUIPMENT

The campus of West Virginia Wesleyan College comprises an area of approximately seventy-five acres in the residential section of Buckhannon. On it are grouped the Lynch-Raine Administration Building, the Haymond Science Hall, the Old Music Hall, the Pfeiffer Memorial Library, the Loar Hall of Music and Fine Arts, the Gymnasium and Athletic fields, Agnes Howard Hall, Fleming Hall, New Residence Hall for Men, Housing Unit I (Student Apartments), the Student Center, and the Maintenance Building. Adjacent to the campus are the College Avenue House, the Meade Street House, and the Home Economics Cottage. Two blocks away is the Florida Street House. The campus is conveniently near the various churches and the business section of the city.

LYNCH-RAINE ADMINISTRATION BUILDING

The Lynch-Raine Administration Building is a three-story brick structure built in 1905 to replace the original seminary building, which was destroyed by fire, and named in honor of Charles W. Lynch and John Raine, benefactors of West Virginia Wesleyan College, and former presidents of the Board of Trustees. The administrative offices are housed here, as well as the departments of Bible, Business Administration, Economics, Education, English, Foreign Languages, History, Home Economics, Philosophy, Political Science, Psychology, Religion, Religious Education, Secretarial Studies, Speech and Dramatic Arts, and Sociology. Atkinson Chapel is also a part of the Administration Building.

HAYMOND SCIENCE HALL

LOAR HALL OF MUSIC AND FINE ARTS

The Loar Hall of Music and Fine Arts, named in memory of the Lawson L. Loar family, of Clarksburg, W. Va., in grateful recognition of Mrs. Loar's bequest of more than $500,000 toward its construction and endowment, and completed in 1952, provides studios, classrooms, and practice rooms for the Departments of Music and Fine and Applied Arts, contains a recital auditorium, and, in general, provides excellent facilities for faculty and students of Music and Fine and Applied Arts.

PFEIFFER MEMORIAL LIBRARY

The Pfeiffer Memorial Library, named in memory of the late Annie Merner Pfeiffer, of New York City, who contributed $150,000 toward its construction, and completed in 1953, houses a collection of more than 44,750 volumes, and provides excellent library facilities and services for faculty and students, as well as classroom and laboratory facilities for the Department of Library Science. About 2,000 volumes are added annually. The library subscribes to 250 carefully selected periodicals.

The Kresge Reference Library Room was made possible by a gift of $50,000 from the Kresge Foundation.

The aim of the library is to provide all books and periodicals needed by faculty and students for reference, research, and recreational reading. The College accepts and observes the principle that a good collection of books and periodicals, and an efficiently administered library service, are essential to an adequate educational program.

RELIGIOUS LIFE

West Virginia Wesleyan College is deeply committed to the Christian way of life. The faculty is made up of Christian men and women. The student body represents various Christian churches. Each student is expected and urged to attend the church of his choice. Many students while in residence at Wesleyan unite with local churches, by transferring their membership. Students participate in the activities of local churches, rendering excellent service, and developing skill and proficiency in Christian Work.

A religious service is conducted each Thursday evening under the auspices of the Community Council Committee on Religious Activities.

A number of students do field work each summer in the churches of the state.

Wesleyan ministerial students regularly serve several Methodist churches in the vicinity of the College.

ADMISSION AND CREDITS

ADMISSION BY HIGH SCHOOL TRANSCRIPT

West Virginia Wesleyan College will admit to freshman standing, subject to the reservation below, graduates of accredited high schools who stand in the upper half of their graduating classes, and who present to the Committee on Admission the following:

1. A satisfactory application for admission on form furnished by the College.

2. A satisfactory transcript of high school record showing courses pursued, grades earned, credits amounting to at least 16 units (earned in grades 9 to 12), and a clear statement of applicant's standing in his graduating class (e.g., Third, in order of highest to lowest, in a graduating class of 141.)

3. A satisfactory health history and health certificate, on forms furnished by the College.

4. Two satisfactory personal recommendations, on forms furnished by the College, preferably by applicant's pastor and his principal or one of his teachers. Recommendations by other responsible persons may be accepted.

Graduates of accredited high schools who do not stand in the upper half of their graduating classes, and graduates of non-accredited high schools, may apply for admission, as above, and may be admitted if they demonstrate on such tests as the College may prescribe satisfactory ability and achievement. In such cases, the applicant, if approved, is admitted tentatively. If he maintains a satisfactory record for the period for which he is tentatively admitted, he is then granted regular standing; otherwise, his enrollment is terminated.

The College, open without discrimination to all qualified students, reserves the right to refuse to admit any

applicant, who, because of low scholarship, or for any other reason, is in the judgment of the Committee on Admission deemed unlikely to conform to the standards and ideals the College seeks to maintain.

Forms for use by applicants for admission may be obtained by addressing the Director of Admissions.

COLLEGE ENTRANCE EXAMINATION BOARD SCHOLASTIC APTITUDE TEST

Applicants for admission to West Virginia Wesleyan College are definitely encouraged,—but not strictly required,—to take the College Entrance Examination Board Scholastic Aptitude Test.

In addition, College Entrance Examination Board Achievement tests in English Composition and one other subject (Biology, Chemistry, Mathematics, Physics, or Social Studies) are advised.

During the school year 1958-1959, the College Entrance Examination Board will hold examinations on each of the following dates:

Application forms, and information regarding examination centers, fees, etc., may be obtained from high school principals.

ADMISSION BY EXAMINATION

West Virginia Wesleyan College will admit to freshman standing, subject to the reservation in the preceding section, persons who, without having completed a high school education, have served in the United States Armed Forces; who demonstrate by their performance on such tests as the College may prescribe that they have acquired the equivalent of a general high school education, or that they are as able to pursue a program of general education at the college level as freshmen admitted under the preceding

section; and who present to the Committee on Admission items 1, 3, 4, and 5 in the preceding section, together with a transcript of any high school credits earned.

The College will also admit non-veterans above high school age who qualify for freshman standing under the conditions of the preceding paragraph.

Interested persons should address the Director of Admissions.

ADMISSION TO ADVANCED STANDING BY TRANSFER

Persons transferring from other accredited institutions of collegiate rank may be admitted to advanced standing in West Virginia Wesleyan College upon presentation of the following items to the Committee on Admission:

1. A satisfactory application for admission, on form furnished by the College.

2. A certificate of good standing in, and honorable dismissal from, the institution(s) previously attended.

3. An official transcript of credits earned at the institution previously attended, showing entrance credits accepted and results of standard tests administered.

4. A satisfactory health history and health certificate, on forms furnished by the College.

5. Two satisfactory personal recommendations, on forms furnished by the College, preferably by applicant's pastor and his dean or one of his teachers. Recommendations by other responsible persons may be accepted.

6. A matriculation charge of $10.00. This charge, to be paid by each applicant for admission, will not under any circumstances be refunded.

Credit for courses taken in non-accredited institutions will be determined by the Committee on Admission and Academic Standing. This Committee may require the person desiring credit for such courses to take a series of examinations to demonstrate satisfactory mastery of courses for which credit is sought.

West Virginia Wesleyan College will, as a general rule, accept no transfer credits with grades below "average",—that is, below C, or its equivalent.

West Virginia Wesleyan College will not accept more than sixty-four semester hours of credit from a junior college.

West Virginia Wesleyan College will not accept by transfer credits earned per semester in excess of the number of credits students in residence are permitted to earn. (See Student Load.)

PROVISIONAL ADMISSION

Applicants for admission who for sufficient reason can not submit prior to date of registration one or more of the required documents may be accorded the courtesy of provisional admission,—provided, that each student accorded this courtesy shall submit in satisfactory form all documents required, as above, within the first three weeks following said date of registration, or be suspended, except when an extension of time is granted by the Committee on Admission and Academic Standing.

ADMISSION ON ACADEMIC PROBATION

At the discretion of the Committee on Admission, students may be admitted on academic probation for two semesters. Those who maintain a satisfactory record,—a C-average or better, and good conduct,—will be accorded good standing; and those who fail to maintain a satisfactory record will be discontinued.

READMISSION

West Virginia Wesleyan College will readmit former students who were in good standing at the time of withdrawal; who submit applications for readmission, on form furnished by the college; and who file complete official

transcripts of records established at other institutions of higher learning, if any were attended, showing that they were in good standing at, and entitled to honorable dismissal from, said institutions.

CREDIT FOR EDUCATIONAL EXPERIENCE IN ARMED SERVICES

West Virginia Wesleyan College will grant appropriate credit, as recommended in *A Guide to the Evaluation of Educational Experiences in the Armed Services, 1954,* and as modified or superseded by later recommendations of the Commission on Accreditation of Service Experiences of the American Council on Education, to students who either submit satisfactory documentary evidence, or demonstrate on such tests as the College may prescribe, that they have achieved, through educational experience in the armed services, a satisfactory degree of mastery of any subject for which the College regularly gives credit.

In granting credit under these regulations, no duplication of credit will be allowed, and no fractional credits will be allowed.

All credits allowed for educational experience in the armed services are assigned the grade of C. (See Grades, Explanation of.)

Credit in physical education will be allowed for educational experiences in the armed services only when the applicant has completed more than one year of military service.

Credit for educational experience gained in the armed services will be recorded by West Virginia Wesleyan College only for persons who have been, or are, regularly enrolled therein.

Interested persons should consult the Dean of the College.

CREDIT BY EXAMINATION

West Virginia Wesleyan College will grant appropriate credit to persons who are, or have been, regularly enrolled students, and who demonstrate by their performance on such tests as the College may prescribe that they have acquired a satisfactory degree of mastery of any subject for which the College regularly grants credit, subject to the following regulations:

Only students who have been in residence for at least one semester may apply for an examination to establish credit.

Only examinees who merit a grade of "C," or above, by their performance on such tests as the College may prescribe, may establish credit by examination. The faculty of the department concerned will determine the grade merited.

No more than fifteen semester hours of credit may be established by examination.

No credit may be established by examination in upper level (300 and 400 series) courses.

No credit established by examination may apply toward the last thirty-two semester hours of degree requirements.

No credit may be established by examination in any course audited by the examinee.

No credit may be established by examination in any course in which the examinee has previously earned an unsatisfactory grade ("D," or below).

No credit may be established by examination which duplicates credit already earned by the examinee.

No credit earned by examination in another institution of higher learning after the student concerned has enrolled in West Virginia Wesleyan College will be accepted by transfer.

A charge of $5.00 per semester hour is made for testing in each course in which an examinee undertakes to establish credit.

Examinations to establish credit are conducted on the first Saturday in April, July, and December.

Interested persons should consult the Dean of the College.

CREDIT FOR PROFESSIONAL EDUCATION

A student who has completed at West Virginia Wesleyan College three years of a "three-two" curriculum in engineering or forestry, as outlined on pages 78-80 below, may substitute successful completion of the fourth year of such a program for the additional number of credits required for a degree.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, enter an accredited professional school, and transfer back to West Virginia Wesleyan College enough credits in subjects approved by the Committee to complete the total number of credits required for a degree,—provided, he has met fully all other degree requirements.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, substitute successful completion of two and one-half years of training in an approved school of nursing for the additional number of credits required for a degree,—provided, she has met fully all other degree requirements.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, substitute successful completion of not less than one year of training in an approved school for medical technologists for the additional number of credits required for a degree,—provided, he has met fully all other degree requirements.

REGISTRATION AND CLASSIFICATION

TIME OF REGISTRATION

Freshmen entering in September are required to register during Freshman Week, September 12-16, 1958. All other students will register on Tuesday, September 16. All students entering at the beginning of the second semester, or at the opening of any summer term, will register on the day designated in the college calendar.

Except in cases of unavoidable delay, late registration is strongly discouraged. Students who enroll late will be required to reduce the number of hours for which they register, unless excused by the Committee on Admission and Academic Standing. A charge of $5.00 is made for late registration.

CHANGES IN REGISTRATION

Changes in registration can be made only with the approval of the Dean of the College, who in problematical cases will require the written consent of the student's counselor, and favorable action by the Committee on Academic Standing. In order to minimize changes, the student should consult his counselor, and, if necessary, the Dean of the College, before registering.

No changes in registration, involving addition of new courses, may be made after the fifth day of classes in any semester, or after the first two days of classes in any summer term (of six weeks). (See Withdrawal from Courses.)

A charge of $1.00 is made for each change in registration, except when required by the College.

PREREGISTRATION

Students in residence during any semester or summer term preregister for the ensuing semester and/or summer term on dates designated in College calendar. Since it is highly important that preregistration be complete, in order that provision may be made for enough textbooks, laboratory materials, and sections of classes, students are required, in their own interest, to preregister. A charge of $5.00 is made for failure to preregister on dates designated.

STUDENT LOAD

The normal student load is sixteen credit hours per semester, or six hours per summer term (of six weeks). Students who are working part time, or who are failing to maintain a satisfactory scholastic record, are advised to carry loads lighter than the average. The Committee on Academic Standing may require the poor student to lighten his load. No student may register for more than sixteen credit hours in any one semester, or more than six in any one summer term (of six weeks), without the consent of this Committee. No student may register for more than eighteen credit hours in any one semester, or for more than seven in any one summer term (of six weeks).

WITHDRAWAL FROM COURSES

A student will be permitted to withdraw from a course only during the first half of a semester, or summer term, and only when the circumstances fully justify this procedure. In order to withdraw from a course, a student must obtain the written permission of the Dean of the College.

If the student is doing passing work when he is granted permission to withdraw, WP (withdrew passing) is entered on his record. Otherwise, WF (withdrew failing) is entered.

If a student discontinues a course without permission of the Dean of the College, F (failure) is entered on his record.

COURSES REPEATED

A course in which the final grade is either a D or an F may be repeated with the permission of the Committee on Standing. Whenever a course is repeated, both the first grade received and the grade in the repeated course, with their related hours and quality points, shall remain a part of the permanent record. The total number of hours and points required for graduation will be increased accordingly.

CLASSIFICATION

When a student has met all entrance requirements, and has completed his registration, he becomes a freshman; when he has earned 32 semester hours of credit and 64 quality points, he becomes a sophomore; when he has earned 64 semester hours of credit and 128 quality points, he becomes a junior; and when he has earned 96 semester hours of credit and 192 quality points, he becomes a senior.

EXPLANATION OF GRADES AND QUALITY POINTS

Grades	*Explanation*	*Quality Points*
A	Excellent	4
B	Good	3
C	Average	2
D	Poor	1
F	Failure	0
I	Incomplete	0
WP	Withdrew Passing	0
WF	Withdrew Failing	0

Further explanation of I: If a student who has been making a passing grade can not complete his work in a course on account of illness or other sufficient reason, an I (incomplete) is entered temporarily on his record. A course recorded as incomplete must be completed within the first six weeks of the next semester, except when an extension of time is granted by the Committee on Standing. Otherwise, the I automatically becomes F.

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

SCHOLARSHIP QUOTIENT

The term "scholarship quotient" is used to indicate the ratio of the total of quality points earned by a student to the total of semester hours for which he has registered, excepting (1) courses from which he has withdrawn passing, and (2) courses in process.

AUDITORS

A person desiring to audit a course must obtain permission from the Dean of the College, register as an auditor, and pay the auditor's instructional charge for the course. (See Expenses.)

Auditors take no examinations, submit no written work, do no laboratory work, and receive no credit for courses audited. (See Credit by Examination.)

THE DEAN'S LIST

Superior scholarship is encouraged and recognized by the publication at the end of each semester of the Dean's List, which is constituted of students who have achieved a scholarship quotient of 3.35 or above, for the semester, while carrying a load of at least 12 semester hours.

For purposes of qualifying for the Dean's List, a summer session (of twelve weeks) will be treated as a semester.

THE WARNED LIST

A student who fails during any semester to maintain on total record a scholarship quotient of 2.00 or above, or fails to make passing grades (A, B, C, or D) in at least three-fourths of the hours for which he was registered, will be placed on the warned list for the next semester in which he is in attendance, and notice thereof will be given to the student, his parents and all members of the faculty and administration of the College.

While a student is on the warned list, he is ineligible for any office in any campus organization; for membership on any Community Council committee; for participation in any time-consuming extracurricular activity; for earning points toward the Wesleyan Key; or for receiving any grant in aid, workship, or scholarship.

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

ACADEMIC PROBATION

A freshman who fails during any semester to maintain on total record a scholarship quotient of 1.65, or above, will be placed on academic probation. A sophomore who fails during any semester to maintain on total record a scholarship quotient of 1.80, or above, will be placed on academic probation. A junior who fails during any semester to maintain on total record a scholarship quotient of 1.90, or above, will be placed on academic probation. A senior who fails during any semester to maintain on total record a scholarship quotient of 2.00, or above, will be placed on academic probation.

A student on academic probation who fails during one semester of probation to attain the scholarship quotient indicated above may be discontinued because of poor scholarship.

When a student is placed on academic probation, the following type of entry will be made on his permanent record:

Placed on academic probation. 1/28/57.

When a student on academic probation has attained the scholarship quotient indicated above, the following type of entry will be made on his permanent record:

Removed from academic probation. 5/30/57.

All students on academic probation are also on the Warned List, and are subject to all the ineligibilities listed thereunder. (See Warned List.)

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

DISCIPLINARY PROBATION

A student who fails in any matter of conduct to conform to the ideals and standards the College seeks to maintain may be placed on disciplinary probation for a stated period; or, if his failure is judged to be sufficiently serious, may be required to withdraw.

A student on disciplinary probation who fails during

the period of probation to conform to the ideals and standards the College seeks to maintain may be required to withdraw.

When a student is placed on disciplinary probation, the following type of entry will be made on his permanent record:

Placed on disciplinary probation. 11/7/56.

When the conduct of a student on disciplinary probation has been satisfactory throughout the period of probation, the following type of entry will be made on his permanent record:

Removed from disciplinary probation. 5/30/57.

A student on disciplinary probation is subject for the period of probation to all the ineligibilities listed under the Warned List. (See Warned List.)

REPORTS TO PARENTS

At the middle and end of each semester, and at the end of each summer term (of six weeks), the College sends a report of each student's grades and attendance record to his parents. These reports are made in the interest of thorough understanding and unity of effort on the part of all persons interested in the education of each individual student.

ATTENDANCE REGULATIONS

1. Each student is responsible for attending classes, chapel, and assembly, under these regulations.

2. Missing any class or laboratory session, or major portion thereof, constitutes an absence. Missing sessions because of late registration constitute absences.

3. Instructors will at the end of each week report all excess absences (explained in 5 below) during that week, or the fact that there were no excess absences during that week, to the Committee on Attendance.

4. Each instructor shall, within the framework of these regulations, be responsible for handling problems of attendance.

5. When the total of a student's absences in any course exceeds the number of semester hours credit for

which the student is registered in said course, said student shall become subject to suspension for negligence, at the discretion of the Committee on Academic Standing, unless excessive absences are found by the Committee on Attendance to have been due to extraordinary circumstances. (See Suspension for Negligence.)

When the total of a student's absences from lecture and/or laboratory sessions in any semester course exceeds three times the number of lecture and/or laboratory sessions per week for which said course is scheduled, said student shall be suspended from said course, unless absences are excused for extraordinary reasons by the Committee on Attendance. Students so suspended shall have F entered on their permanent records for the courses involved. The foregoing regulation, with "summer term" substituted for "semester," and with "three times" deleted, shall apply during summer sessions.

A student must, in order to qualify for a degree, earn academic credit, in excess of what would otherwise have been required, in the amount of one-fifth of a semester hour for each absence from Chapel in excess of two per semester, and for each absence from Assembly in excess of two per semester, except when such absences are found by the Committee on Attendance to have been due to extraordinary circumstances.

A student who, in the judgment of the Committee on Standing, has been grossly negligent of Chapel and Assembly attendance shall be subject to suspension therefor. (See Suspension for Negligence.)

The Committee on Attendance may, upon written request, excuse students in the following categories—and no others—from attending Chapel services and assemblies.

Students enrolled for less than ten semester hours.

Students enrolled for Directed Teaching, and assigned to teach public school classes that overlap chapel and assembly periods.

Commuting students who live more than two miles from the campus, and who have only a three-day (Monday, Wednesday, Friday) schedule.

Students who are regularly employed full time on Tuesday and Thursday mornings, and whose employers provide, on forms furnished by the College, duly notarized certification of such employment.

Either husband or wife, when both are enrolled as full-time students, (carrying study loads of ten or more semester hours), and when one of them must be at home at all times to care for (a) child(ren).

Students who are members of non-Protestant faiths, upon certification of such membership by proper authorities —with the proviso that such membership shall not be a basis for being excused from attending assemblies.

6. If a student is absent from any examination, except a final examination, said student must obtain from the Dean of the College permission to make up the examination, pay a service charge of $1.00 at the Business Office, and then make up the examination as the instructor may direct. In the case of such absence from a final examination, the student must obtain permission, pay a service charge of $5.00, and make up the examination as above.

SUSPENSION FOR NEGLIGENCE

Students who incur an excessively large number of absences from any course(s), or who are otherwise grossly negligent of their studies, may be suspended therefor from the course(s) involved, or from all courses, by the Committee on Academic Standing, and for a period to be fixed by said Committee; or may be permanently discontinued by said Committee. Students so suspended, or discontinued, shall have F entered on their permanent records for the courses involved. (See Attendance Regulations, 5.)

REQUIRED WITHDRAWAL

West Virginia Wesleyan College reserves the right to require any student to withdraw, if his scholarship proves unsatisfactory, or if his presence jeopardizes in any way the ideals and standards the College seeks to maintain.

SERVICES

HEALTH SERVICE

The College maintains a health service for its students, as outlined below.

As one of the requirements for admission to the College each applicant must present, prior to registration, a health certificate executed by a practicing physician. Forms provided by the College must be used for this purpose.

Subsequent to admission every student is required to take at least one thorough physical examination annually. These examinations are made by the College physician as a part of the health service provided by the College.

Chest x-rays are provided annually for all students, all staff members, and all employees, through the cooperation of the West Virginia Department of Health, and are required of all persons listed.

Private homes providing room and/or board for students must obtain approval by the Health Committee.

A competent dietitian plans all menus for College dining rooms.

A registered nurse, employed full time, keeps regular office hours at the College, inspects food service and housing facilities, and is subject to call as her services are needed.

The College physician keeps regular office hours at the College, and is subject to call as his services are needed. The College provides his services so far as minor and occasional illnesses are concerned.

The College provides infirmary facilities, in charge of the College physician and the College nurse, when illness indicates isolation but not hospitalization.

The College does not assume responsibility for prolonged or specialized medical care or for hospitalization.

The Leonard Memorial and St. Joseph's hospitals, located in Buckhannon, afford good facilities and services.

MEDICAL REIMBURSEMENT INSURANCE SERVICE

Medical reimbursement insurance, covering accidents and illnesses, is available to students, by arrangement with Educators Mutual Insurance Company. This insurance covers medical expenses up to $500.00 for each accident or $500.00 for each illness, plus a death benefit of $1,000.00 The cost of this insurance, which is $9.50 per semester, will be charged to all students, except those who specifically request not to be so charged. The privilege of declining to participate in this insurance service is intended primarily for students who already have medical reimbursement insurance. (Full information is available upon request.)

TESTING SERVICE

In order to provide counselors, instructors, and the student himself with reliable information about his individual ability, aptitudes, achievement, progress, vocational interests, and significant personality traits, the College maintains a well planned testing program.

Entering freshmen, prior to registration, take the following standard tests: (1) College Ability Test, (2) Cooperative English Test, (3) Cooperative General Achievement Tests (Social Studies, Natural Sciences, Mathematics), (4) Cooperative Contemporary Affairs Test for College Students. (5) Strong Vocational Interest Inventory, and (6) a personality inventory. The results of these tests are used in counseling, sectioning, etc., in an effort to adapt instruction to each student's individual needs.

Late in the sophomore year all students participate in the National College Sophomore Testing Program. The results of these tests, together with results of other tests in special fields, afford an accurate indication of the student's relative standing among the college sophomores of the nation. Such information is invaluable to the student in choosing a field of concentration, and a vocation, in keeping with his particular pattern of competence.

Seniors approaching graduation take the Graduate Record Examination, consisting of (a) the Area Tests, designed to assess the broad outcomes of education in the

liberal arts, and (b) advanced tests taken by each student in his major field only. The results of these tests are very valuable to the student in helping him determine the position for which he is best suited, or decide whether he should undertake graduate study. The Graduate Record Examination is required of applicants for admission to a large, and increasing, number of graduate schools.

Near the end of the senior year, each student must, as a requirement for graduation, pass a written comprehensive examination in his major field of concentration.

This testing program supplements the tests given by instructors in specific courses. It also provides factual data on the basis of which the College undertakes continuous evaluation and improvement of its curriculum.

COUNSELING SERVICE

West Virginia Wesleyan College attempts to provide students counseling services commensurate with their needs,—whether educational, vocational, social, moral, or religious.

All members of the faculty assist with counseling services, under the leadership and direction of a Counseling Committee, constituted of persons with extensive backgrounds of preparation for, and experience in, counseling.

Counselors seek to understand the individual student, —and to help him to understand himself,—with respect to academic aptitudes, educational achievement, personal and social adjustment, vocational aptitudes and interests, and moral and religious standards and concern.

Such information is then utilized by counselors in advising the student, in assisting him with his various problems, and in helping him to grow toward well integrated adulthood,—characterized by competent self-direction, constant self-discipline, and complete self-dedication to some worthy enterprise, some noble cause, some high ideal.

PLACEMENT SERVICE

West Virginia Wesleyan College maintains a Placement Service to assist its students and alumni in finding employment.

EDUCATIONAL AND VOCATIONAL GUIDANCE SERVICE FOR HIGH SCHOOL SENIORS AND JUNIORS

West Virginia Wesleyan College provides a testing and guidance service for high school seniors and juniors. Standard tests of academic ability, personal adjustment, and vocational interests are given, scored, reported, and interpreted.

Tests currently used are the American Council on Education Psychological Examination, the Bell Adjustment Inventory, the Strong Vocational Interest Blank, and the Thurstone Interest Schedule. The Strong Vocational Interest Blank yields interest scores for forty-seven different vocations for men, and for twenty-eight different vocations for women.

The entire battery of tests can be completed between 10:00 o'clock, A.M., and 2:00 o'clock, P.M., with time out for lunch. Tests will be given at the College on Saturday, October 18, 1958, Saturday, February 14, 1959, and Saturday, April 4, 1959. Scores will be reported two or three weeks later. Examinees will be guests of the College for lunch.

A charge of $5.00 is made to cover the cost of this testing and guidance service.

Persons wishing to avail themselves of this service should file an application at least two weeks prior to the preferred testing date, and enclose the service charge of $5.00. Application forms can be obtained from Methodist ministers, high school principals, or The Educational and Vocational Guidance Service, West Virginia Wesleyan College, Buckhannon, West Virginia.

DEGREES AND REQUIREMENTS FOR GRADUATION

Students should be thoroughly familiar with, and must assume responsibility for meeting, degree requirements. A simplified list of all such requirements is available at the Office of the Dean of the College.

(This regulation also applies to requirements for teachers certificates, and other specialized curricula.)

DEGREES AWARDED

West Virginia Wesleyan College confers three academic degrees: Bachelor of Arts (upon graduates majoring in Bible, Chemistry, Economics, Education, English, Fine and Applied Arts, Foreign Language, History, Music, Philosophy, Political Science, Psychology, Religion, Religious Education, Sociology, or Speech and Dramatic Arts); Bachelor of Music Education (Music); and Bachelor of Science (upon graduates majoring in Biology; Business Administration; Chemistry; Home Economics; Library Science; Mathematics; Physics; or Physical Education).

SEMESTER HOURS

In order to qualify for a degree a student must earn a minimum of one hundred and twenty-eight semester hours of credit. A semester is a sixteen-week term. In general, a course meeting one hour per week for one semester carries a credit of one semester hour; a course meeting two hours per week for one semester, two semester hours, etc. At least forty-five semester hours of credit must be earned in upper level courses.

QUALITY POINTS

In order to qualify for a degree a student must maintain at least a C average, that is, a scholarship quotient of at least 2.00, in courses undertaken at West Virginia Wes-

leyan College, and on total record. (See Explanation of Grades and Quality Points, and Scholarship Quotient.) A scholarship quotient of at least 2.00 must be maintained in upper level courses undertaken at West Virginia Wesleyan College, and on total record.

RESIDENCE

In order to qualify for a degree a student must spend at least thirty-two weeks, and earn at least thirty-two semester hours of credit and at least twice as many quality points as semester hours, in residence at West Virginia Wesleyan College. All classes meeting on the campus (as distinguished from extension classes) carry "in residence" credit.

The residence requirements must be met during the student's *last* thirty-two weeks in college prior to the awarding of his degree, unless waived for extraordinary reasons by the Committee on Academic Standing.

GENERAL EDUCATION

General education, as distinguished from specialized education, deals with the common knowledge, attitudes, skills, and habits essential for effective living as an individual, as a member of one's family, as a worker, and as a citizen. The general education program of West Virginia Wesleyan College is designed to help the student to understand the world in which he lives, to share our cultural heritage, to become acquainted with, and concerned about, the major problems of mankind, to develop and practice a Christian philosophy of life,—in brief, to become a well developed person, and an efficient and constructive member of society.

Stated otherwise, the purpose of general education in West Virginia Wesleyan College is to develop competent, cultured, Christian persons, who will, in turn, and with adequate specialized education, become good business men, good engineers, good lawyers, good ministers, good parents, good physicians, good public officials, good scientists, good teachers,—the parts, of which, and by which, a good society must be constituted.

In order to provide all students an opportunity to acquire some substantial measure of general education, West Virginia Wesleyan College requires all candidates for degrees to earn the following credits:

DIVISION I: *Arts, Languages, and Literature*

Art Appreciation (2)
Introduction to Dramatic Arts (2)
Introduction to Music (2) — (Any two) — 4 sem. hours

As a rule, these courses in general education should be completed during the freshman and sophomore years.

It is important to note that opportunities for acquiring general education, at West Virginia Wesleyan College are by no means restricted to the courses listed above. Many additional courses afford the interested student such opportunities.

SPECIALIZED EDUCATION

In order to provide all students an opportunity to acquire some degree of specialized education, as vocational or preprofessional preparation, West Virginia Wesleyan College requires each candidate for a degree to select at, or before, the beginning of his junior year a (departmental or interdepartmental) major and a minor.

In his major area of specialization the student must earn a minimum of twenty-four semester hours credit and twice as many quality points as semester hours. At least twelve of the semester hours and twice as many quality points as semester hours must be earned in upper level courses.

In his minor area of specialization the student must earn a minimum of fifteen semester hours of credit and twice as many quality points as semester hours.

No more than forty-five semester hours of credit in any one department may be counted toward the one hundred and twenty-eight hours required for graduation,—with the exception that candidates for the degree of Bachelor of Music Education may count toward degree requirements a maximum of sixty-eight semester hours in Music, and candidates for the degree of Bachelor of Arts with a major in Music may count toward degree requirements a maximum of fifty semester hours of Music.

COMPREHENSIVE EXAMINATIONS

In order to qualify for a degree a student must pass a written comprehensive examination in his major area of specialization. (See Testing Service.)

GRADUATE RECORD EXAMINATION

In order to qualify for a degree a student must take the Graduate Record Examination (area tests and advanced test, if available, in major field). (See Testing Service.)

PROFICIENCY IN ENGLISH

In order to qualify for a degree a student must attain a percentile rank of 10, or above, on the scale of national norms for college sophomores on the Cooperative English Test (Higher Level), or comparable standard test. Effective for students entering after June 1, 1958.

DEGREES WITH DISTINCTION

Students who complete all degree requirements with a scholarship quotient of 3.50 to 3.74 on both total record and credits earned at West Virginia Wesleyan College will be graduated *cum laude;* those who complete all such requirements with a scholarship quotient of 3.75 to 3.99 on both total record and credits earned at West Virginia Wesleyan College will be graduated *magna cum laude;* and those who complete all such requirements with a scholarship quotient of 4.00 will be graduated *summa cum laude,*—provided that the scholarship quotient in each instance shall be, in the judgment of the Committee on Academic Standing, corroborated by scores on National Sophomore Testing Program and Graduate Record Examination.

APPLICATION FOR DEGREE

At least 12 months prior to anticipated completion of degree requirements, each candidate for a degree is required to file at the Office of the Dean of the College an application for a degree. This makes it possible to check requirements still to be met while there is still time to meet them. A charge of $5.00 is made for failure to comply with this regulation. Such failure may also result in postponement of graduation. This charge applies, also, to revised applications filed less than twelve months prior to anticipated completion of degree requirements.

Within the framework of the policy outlined above, West Virginia Wesleyan College participates in intercollegiate basketball, baseball, football, golf, tennis, and track.

A varied intramural program of athletics, sponsored by the Community Council, and organized and supervised by the members of the faculty of the Department of Physical Education, is available to all students who will participate. (See Community Council.)

The West Virginia Consumers Sales Tax of two per cent is collected on charges for housing. In the autumn semester, housing service for freshmen begins on Friday, September 12, 1958, the first day of Freshman Week; and for all others, on Monday, September 15, 1958. A complete housing service schedule is available to all students.

In order to obtain a reservation for any semester or summer session it is necessary for a student in residence, or a former student approved for readmission, to file an application for a reservation and make a deposit of $25.00 for a semester, or $15.00 for a summer term. An applicant for admission must submit with his request for a reservation and his deposit a complete application for admission. This deposit will be held as a security deposit until termination of residence, may be used as required deposit for renewal of reservation from year to year, and will be refunded at termination of residence, upon written request therefor, less deductions for any damage done college property. In case of cancellation of a reservation,—whether by a student in residence, a former student seeking readmission, or an applicant for admission,—the deposit will be refunded only on condition that the student gives Treasurer's Office written notification of surrender of reservation by July 1 for the ensuing winter semester, or by April 1 for the ensuing summer session.

College women, and freshman and sophomore men, not living at home are required to live in College residence

halls. Under very extraordinary circumstances the Administration Committee may authorize an exception to this rule.

The charge for an apartment in Housing Unit I is $25.00 per month unfurnished, or $30.00 per month furnished, water and gas included. Persons interested should address the Business Manager.

The College reserves the right to change at any time the charge for board if costs of operation of dining rooms require such action.

In the autumn semester, food service for freshmen begins with dinner at 6:00 p.m. on Friday, September 12, 1958, the first day of Freshman Week; and for all others, with dinner at 5:45 p.m. on Monday, September 15, 1958. A complete food service schedule is available to all students.

TRANSCRIPTS

One transcript of a student's record is furnished free. A charge of $1.00, payable in advance, is made for each additional transcript. An application for a teacher's certificate

completed by the College constitutes a transcript. This charge is doubled for transcripts that must be prepared on short notice, thus requiring typing or an extra photostatic operation.

EDUCATIONAL AND VOCATIONAL GUIDANCE SERVICE

A charge of $5.00 is made to cover cost of the educational and vocational guidance service available to high school seniors and juniors. (See Educational and Vocational Guidance Service.)

TERMS OF PAYMENT

As a means of providing education in punctuality and responsibility in business matters, the College deals directly with students rather than with their parents.

All charges are due and payable at registration, and students should come prepared to meet them at that time. Exceptions are granted only when acceptable proof of need has been established at the Office of the Treasurer. In such cases at least one-fourth of the total charges are to be paid at registration, and the balance in equal payments on, or before, the tenth of each month for not more than three months. A deferred payment charge of five dollars, payable at the time of registration, is made for the privilege of postponing any payments whatsoever beyond the day of registration.

Students are not eligible to take final examinations, to receive any transcripts of credits, or to be graduated until all charges are paid in full.

REFUNDS

In view of the fact that charges paid by students cover much less than the total operating cost of the College, the remainder being derived from endowment, from contributions by churches, and from individual benefactions, refunds are subject to the following regulations:

1. A student will receive no refund on account of course changes made after the first five days of a semester, or the first two days of a summer term.

2. A student withdrawing from the College before the middle of a semester, or summer term, because of illness, or for other honorable reasons considered adequate by the College, will receive a refund of one-half the instructional charge for the semester, or summer term. A student withdrawing for above reasons after the middle of the semester, or summer term, will receive no refund of instructional charges.

3. A student withdrawing from the College during a semester, or summer term, for any reason other than those stated in 2 above will receive no refund of instructional charges.

4. A student withdrawing from the College during a semester, or summer term, will receive no refund of charges for room.

5. A student withdrawing from the College during a semester, or summer term, for any reason will be refunded a part of his charges for board proportionate to the number of whole weeks of the semester, or summer term, remaining after his withdrawal,—provided, he withdraws regularly at the Office of the Dean of the College.

6. A student discontinued for disciplinary reasons will receive no refund of any charges, except for board, as provided under 5 above.

sionary education, provides financial assistance for carefully selected students from other lands. The Womans Society of Christian Service of the West Virginia Annual Conference of the Methodist Church and Dr. Edna Jenkins, alumna and trustee emeritus, have been notably generous in their support of this Fund. In 1957-1958 fifteen students were assisted by this Fund.

A number of loan funds, including the Methodist Student Loan Fund, are available to students in West Virginia Wesleyan College. Loans are made to students of good character who maintain satisfactory scholarship, provide required recommendations, establish financial responsibility, and sign promissory notes obligating themselves to repayment of principal with interest within a specified time.

Inquiries regarding all forms of aid should be addressed to the Committee on Student Aid.

SUMMER SESSION

West Virginia Wesleyan College conducts annually a twelve-week summer session, consisting of two terms of six weeks each. In 1958 the second summer term will consist of five weeks of six days each. The summer session is of special interest to (1) entering freshmen interested in an accelerated program (see Accelerated Program), (2) other students pursuing an accelerated program, (3) teachers in service in public schools, who are interested in raising their level of certification or in renewing present certificates, and (4) veterans, whose studies have been interrupted or delayed by military service.

The first of the two summer terms for 1958 begins on June 9, and ends on July 18; and the second begins on July 21, and ends on August 23. Students may attend either term, or both. (See Student Load.)

High School graduates intending to enter college in 1958 are advised to enter at the beginning of the first summer term. Those who enter on June 9, 1958, and pursue successfully the accelerated program will be graduated in January or May, 1961, depending upon the degree of acceleration at which each can successfully pursue his studies. If the same persons should enter college in September, 1958, and omit summer sessions, they could not be graduated before May, 1962. It is, therefore, possible to save from one year to one and one-half years in completing one's college course by taking full advantage of summer sessions, and at the same time to effect some reduction in the total cost of one's college course.

Veterans of the Korean conflict must begin their studies within three years of date of discharge or release from active service, or lose all educational benefits under the Veterans' Readjustment Assistance Act of 1952.

Summer session courses are taught by regular members of the College faculty, and are in all respects equivalent in scope and thoroughness to courses offered on the usual semester basis.

The courses offered in the summer session are selected and arranged to meet the needs of entering freshmen, students pursuing the accelerated program, teachers in service, and veterans.

College residence halls remain open for the summer session. (See Buildings and Equipment.)

Charges for instruction, room, board, etc., during summer session are listed elsewhere in this *Bulletin.* (See Expenses.)

Schedules for the 1958 summer session appear on the pages that follow.

COURSE NUMBERS

Courses for freshmen (the 100 series) and sophomores (the 200 series) constitute the lower level of the curriculum. Almost all general education requirements consist of lower level courses, which should be completed, as far as possible, by the end of the sophomore year. (See General Education.)

Courses for juniors (the 300 series) and seniors (the 400 series) constitute the upper level of the curriculum. In order to qualify for a degree, a student must earn at least forty-five semester hours of credit and at least twice as many quality points as semester hours in upper level courses. In his major field the student must earn at least twelve semester hours of credit and at least twice as many quality points as semester hours in upper level courses.

Courses bearing odd numbers are usually given during the first semester, and those bearing even numbers during the second semester. Whenever a course bearing an odd number is given in the second semester, or a course bearing an even number in the first semester, an "r" is added to the number of the course on class schedules.

In general, freshmen should enroll for courses in the 100 series, sophomores for courses in the 200 series, etc. Freshmen are ineligible for all courses in the 300 and 400 series, and for most courses in the 200 series. Sophomores are ineligible for all courses in the 400 series.

CLASS SIZE

In order to guard against economic inefficiency on the one hand, and ineffective instruction on the other, no classes in which registration is less than ten will be taught, and classes in which registration exceeds fifty will, if possible, be divided into sections. Under unusual circumstances the Curriculum Committee may permit exceptions.

PREPROFESSIONAL AND VOCATIONAL COURSES

West Virginia Wesleyan College provides preprofessional education for students of Business Administration, Dentistry, Dietetics, Education, Engineering, Forestry, Journalism, Law, Library Science, Medical Technology, Medicine, Nursing, Occupational Therapy, Optometry, Pharmacy, Physical Therapy, Religion, and Social Work. (See Credit for Professional Training.)

In three fields,—business administration, the ministry, and teaching,—the College provides enough professional training to enable the graduate to enter his profession, although in the case of candidates for the ministry graduate study is strongly urged.

A number of three-year courses, which can often be completed in two calendar years by moderate acceleration, will meet the degree requirements of West Virginia Wesleyan College when supplemented with at least one year of successful study in an approved professional school. (See Credit for Professional Education.)

OUTLINES OF COURSES

In order to provide students a plan of studies required, or recommended, in preparation for various professions and vocations, a number of outlines are included in the pages that follow.

These outlines are not to be regarded as rigid prescriptions, admitting of no exceptions or modifications. With faculty counsel, some departures, or rearrangements, will occasionally be wise.

In the case of outlines that do not provide fully for major and minor concentrations, electives should be used to complete concentration requirements. (See Specialized Education.) Likewise, some electives may be needed to complete requirements in general education. (See General Education.)
